SURVEYOR'S REPORT

Stephen & Jill Campbell
Section 2, Township 9 North, Range 1 West, Monroe County, Indiana
January 4, 2000

1.

In accordance with Title 864, Article 1.1, Chapter 13, Section 1 through 34 of the Indiana Administrative Code, the following observation and opinions are submitted regarding the various uncertainties in the location of the lines and corners established on this survey as a result of

a) Variances in the reference monuments;
b) Discrepancies in record descriptions and plats;
c) Inconsistencies in lines of occupation;
d) Random error in measurements (theoretical uncertainty)

The theoretical uncertainty (due to random errors in measurements) of the corners of the subject tract established This survey is within the specifications for a Class B. survey (0.25 ft), as defined in 1AC864.

The subject tract is described in a document provided by client.

Control this survey and the basis of bearing are relative to the previous survey done in 1977 adjoining the subject tract to the West. Monuments were found from this previous survey. A stone was found at the Northeast corner of the Southeast quarter and an iron pipe was found at the Southeast corner of Section 2 and the Northeast corner of the South half of the Southeast quarter then established. Line stakes were then set along the North line. Monuments were either found or set as shown on the plat of survey.

As a result of the above observation, it is my opinion that the uncertainties in the location of the lines and corners are compatible with the standard of accuracy as stated above.

Lee Utt, R.L.S. # S0089, Indiana

ROBINSON ROAD DESCRIPTION
JOB NO. 1125-B

Part of the West half of Section 1, Township 9 North, Range 1 West, Monroe County, Indiana, more particularly described as follows:

COMMENCING at a stone marking the northwest corner of the northeast quarter of said Section 1; thence SOUTH 2 degrees 50 minutes 41 seconds EAST 834.84 feet along the west line of said northeast quarter a distance of 3121.54 feet to a stone marking the southwest corner of the northwest quarter of the southeast quarter of said Section 1; thence NORTH 88 degrees 43 minutes 59 seconds EAST along the south line of said quarter quarter 1307.84 feet to a stone marking the southeast corner of said quarter quarter; thence NORTH 2 degrees 31 minutes 04 seconds WEST along the east line of said quarter quarter a distance of 699.03 feet to the Indian Treaty Line; thence SOUTH 57 degrees 30 minutes 00 seconds EAST along said treaty line 1021.03 feet; thence NORTH 2 degrees 41 minutes 47 seconds WEST parallel with the east line of the northeast quarter of the southeast quarter of said Section 1 a distance of 1161.41 feet to the north line of said quarter quarter; thence SOUTH 89 degrees 09 minutes 02 seconds WEST 832.93 feet to a 5/8" rebar marking the southeast corner of the southwest quarter of the northeast quarter; thence NORTH 2 degrees 51 minutes 12 seconds WEST along the east line of the west half of the northeast quarter of said Section 1 a distance of 2633.76 feet to the north line of said Section 1; thence SOUTH 89 degrees 45 minutes 48 seconds WEST along said north line 480.88 feet; thence SOUTH 2 degrees 50 minutes 41 seconds EAST 834.84 feet; thence SOUTH 89 degrees 45 minutes 48 seconds WEST 834.84 feet to the point of beginning, containing 119.805 acres, more or less.

This certification does not take into consideration additional facts that an accurate and correct title search and/or examination might disclose.

Evidence of easements have not been located in the field and are not shown on this survey drawing.

Subject to the above reservation, I hereby certify that the survey work performed on the project shown hereon was performed either by me or under my direct supervision and control and that all information shown is true and correct to the best of my knowledge and belief.

There are no improvements located on this property.

Certified this 24th day of June 1987.
